

Ronald McDonald Care Mobile®

Peak Vista's Ronald McDonald Care Mobile®

Our Ronald McDonald Care Mobile® (Care Mobile) is a state-of-the-art vehicle that delivers cost-effective medical and dental services directly to children in their own neighborhoods. The Care Mobile is built and designed specifically as a pediatric healthcare center, providing care for children ages 0-21. We offer a range of services – from preventive routine exams and same-day treatment of acute illness and injury to on-going primary care, immunizations and school and sports physicals. Should you require specialty care, we are happy to refer you to other qualified community providers.

Ronald McDonald House Charities® of Southern Colorado partners with Peak Vista to make the care provided by the Ronald McDonald Care Mobile® possible and is largely supported by the generosity of local donors and volunteers.

How to Book an Appointment

The Care Mobile provides different types of care on different days of the week. Locations and services being offered are also listed online at peakvista.org/calendar.

Medical

Tuesday, 8:00am – 4:00pm
